Methodology

UNIDO provides methodological materials, such as:

- Guidance on preparation of proposals for modernization of industrial enterprises;
- Methodology on economic basis for modernization and technological development of industrial enterprises;
- Manuals on EnMS implementation; etc.

UNIDO ↔ Business

1. Trainings courses and workshops for enterprises
2. Capacity building
3. Technology transfer and adaptation
4. UNIDO – business ↔ government
5. UNIDO – business ↔ business
6. UNIDO – as supplier of current and reliable information

Thank you!
